Israel-Hamas Negotiations Continue Amid Rafah Crisis

According to official sources, neither Hamas nor Israel are leaving the negotiation table permanently, and Egyptian mediators are still working to bridge the gaps between the two parties. The main points of contention are Hamas' demand for an end to the war and a complete withdrawal of Israeli troops, while Israel insists on a temporary cease-fire, the elimination of Hamas and the release of all hostages.

Displacement and Humanitarian Crisis in Rafah

The Israeli incursion into Rafah this week has resulted in the displacement of approximately 80,000 people, who have sought shelter in Khan Younis and Deir al Balah. The evacuation of parts of Rafah, which has become a sanctuary for hundreds of thousands of displaced Palestinians, has left many living in tents without adequate food, water, and sanitation.

Area	Number of Displaced Persons	Current Situation
Rafah	80,000	Displaced, seeking shelter in Khan Younis and Deir al Balah
Khan Younis	N/A	Hosting displaced persons from Rafah
Deir al Balah	N/A	Hosting displaced persons from Rafah

Among the displaced, sign language interpreter Riyadh al-Masry and his extended family were forced to leave Rafah for the sixth time since the war began. They were left with no choice due to the ongoing conflict in the area, despite the emotional and physical toll it has taken on them.

Aid Distribution Challenges

The World Food Program has reported that their main warehouse in Gaza is inaccessible due to the ongoing fighting, and only one bakery in Gaza is still operational. Additionally, hospitals may have to shut down their generators within a few days, as goods and fuel have not entered the Rafah crossing for several days.

The United Nations has called for unhindered access for humanitarian aid and stressed that the parties' obligation to facilitate aid extends beyond border crossings and drop-off zones.

Em uma entrevista televisionada na quarta-feira, o porta voz militar chefe Daniel Hagari disse que as forças israelenses ganharam controle "operacional" sobre a Corredor Philadelpi.

Hagari não explicou a que controle "operacional" se referia, mas um oficial militar israelense disse anteriormente havia israelenses "botas no chão" ao longo de partes do corredor. A fronteira com o Egito na borda sul era Gaza únicas fronteiras terrestres e Israel ainda tinha controlado diretamente ndia

"O Corredor Philadelpi serviu como uma linha de oxigênio para o Hamas, que costumava regularmente usar contrabandear armas na área da Faixa", disse Hagari.
