First, let me introduce myself. I'm Lucas, a 32-year-old marketing specialist from São Paulo. I enjoy trying new online services, the latest technology, and sports. My experience with Blaze revolves around the minimum betting requirements.

I recently signed up on Blaze's betting site, initially depositing R\$70 and later adding R\$60 more, with the hope of receiving a welcome bonus. At first, I was a bit confused (28 DE JUL. DE 2024-A Blaze coloca como valor mínimo pra depositar o valor de R\$40 e depois o mínimo pra sacar é R\$100? É ridículo!) since the minimum deposit is R\$40, but I went along with it and made the smaller deposits. Impressively, Blaze allows topping up the account by as little as R\$1 via instant bank transfer or Pix; while R\$3 is the minimum for a bet, so keep this in mind. Keep in mind, you can only withdraw once you reach R\$100 or higher, regardless of the deposit method.

The process of placing a bet on Blaze is straightforward. Just follow these steps:

1. Head to Blaze's sports page.
 2. Select soccer from the list of sports.
