Test out your fortune with this 3-reel slot machine by Microgaming and you might just be in store for some wins worth up to 30,000 credits. Fortuna has 5 paylines and a wild symbol, meaning that spinners will have a decent amount of chances to line up some winning spins. That said, this game is about as simple as they come on the bonus gameplay front with no free spins, no special side games, and no potential to win a progressive jackpot bounty.

Is fortune on your side?

Nothing quite gets us in the mood for a spin of the slots than a game that is themed around the world of mysticism and fortune telling. Admittedly, this Fortuna slot machine by Microgaming is not going to offer the most captivating of mystical spins in the world, but the game might still whet your appetite with its mysterious clairvoyant character and enchanting golden coin symbols. Plus, the game might also appeal to those players who are fans of traditionally themed arcade games with a series of typical slot machine icons such as bright and juicy cherries, a series of BAR symbols and some lucky 7s – coloured in a mystical purple as opposed to the usual red.

As is the case with most 3-reel slot machines, Fortuna doesn't offer up anything particularly mind blowing in the design department. That isn't to say that the game isn't nice to look at, just that it is slightly outdated with its two dimensional symbols and lack of any extra animated action other than the standard spinning action of the reels. Despite this, the slot machine still presents plenty of colour to catch the eye of spinners, which is more than can be said of most other classic style games out there.
