In California, there is a lot of good NLTH poker with \$40 minimum buy-ins and R\$1/\$2 blinds. In the rest of the US, R\$100 minimum buy-in is more typical, but there are R\$40-\$60 minimums in many casinos.

{jz}

Poker Money & Variance\n\n The common rule for NL cash game players is 20BI. So if you play R\$1/\$2 live cash games and buy in for 100bb, or R\$200, then you should have a bankroll of at least R\$4,000. And if you play R\$25NL on online and buy-in for 100bb then you should have a bankroll of at least R\$500.
