## **Suzano: China's vast market and innovation ecosystem drive shared growth**

Rio de Janeiro, 16 jun (Xinhua) -- A giant Brazilian pulp and paper company, Suzano, said that China's enormous market, vibrant innovation ecosystem, and high-quality development of new productive forces are creating shared growth opportunities for global businesses.

### **Strong business results in China**

Pablo Machado, Suzano's Asia business management president, told Xinhua that the company's China operations have achieved strong results in the first five months of this year, in line with China's solid economic foundations.

Celebrating its centenary this year, Suzano has been present in the Chinese market since the 1980s, witnessing China's continuous rise as its largest export market, accounting for about 40% of the company's total global exports.

#### **Year Sales in China (tonnes)**

1980s Approx. 20,000

2024 Over 5,000,000

"Over the past four decades, we have witnessed China's impressive high-speed economic growth and the rapid development of the market in our industry," Machado said. Suzano's sales in the Chinese pulp market have increased from around 20,000 tonnes to over 5,000,000 tonnes during this period.

### **Innovation and sustainable development**

Machado highlighted China's rapid growth and modernization of its economy, with significant investments in research and development, leading to a strong innovation ecosystem.

To leverage innovation and improve sustainable development, Suzano established the Asia

Innovability Hub in Shanghai last year, addressing customers' evolving needs for pulp and new biobased materials and applications.

"We realized that we would be missing a great opportunity if we were not present in China and learning from the Chinese innovation ecosystem," Machado said. He added that the Chinese innovation ecosystem allows them not only to promote their research and development in China but also to benefit from local advances and apply them in operations in other regions.

## A growing, evolving China

Machado, who first visited China in 2004, has been impressed by the tremendous changes brought by various reforms in the country.

"Each time I returned, I was surprised by the speed of development, not only economic but also in terms of improving people's standard of living," Machado said.

As a foreign executive operating in China, Machado is particularly pleased with the Chinese government's continuous efforts to develop a more inclusive and open business environment.

## Transitioning to high-quality development

Machado believes that China's recent focus on developing new high-quality productive forces is a natural transition for the Chinese economy.

"When a country is small, it can grow fast, but as it becomes larger, it is impossible to maintain the same speed. China recognized this and made the transition from high-speed growth to high-quality development, which is a path for new productive forces," Machado observed.

Machado said that Suzano, as a company known for its expertise in tree cultivation and understanding of the science behind it, believes that biobased materials can play a crucial role in China's transition to a low-carbon economy, an essential part of developing new productive forces.

## Leonid Volkov promete continuar la lucha contra Vladimir Putin

Leonid Volkov, un aliado cercano del fallecido líder de la oposición rusa Alexei Navalny, ha prometido "nunca rendirse" en la lucha contra Vladimir Putin, a pesar de haber sido atacado recientemente fuera de su casa.

Navalny murió en una prisión del Ártico en febrero, lo que Volkov atribuyó directamente al presidente ruso.

En marzo, Volkov fue atacado con un martillo fuera de su casa en Lituania, donde vive en el exilio, y fue brevemente admitido en el hospital.

## El legado de Navalny

En su primera entrevista en televisión desde el ataque, Volkov le dijo a la que Navalny "nos pidió que nunca nos rindiéramos y que continuáramos nuestro trabajo ... para derrotar a Putin y construir esta hermosa Rusia del futuro".

Hacerlo era el "único camino práctico para preservar su legado y hacer que su sacrificio ultimate no sea en vano", dijo Volkov, en extractos de la entrevista vía video vinculada que se transmitió el sábado.

Describió a Navalny como "un gran tipo, una personalidad inspiradora, un verdadero héroe y un gran y muy capaz líder político". Dijo que su muerte era una "herida abierta en nuestros

corazones" y que no podía ser reemplazado.

Pero la tarea del movimiento de oposición ahora es apoyar a la esposa de Navalny, Yulia, como su nueva "líder carismática", agregó.

## El ataque

Volkov dijo que durante el ataque, alguien rompió una ventana del coche y roció gas lacrimógeno en sus ojos antes de golpearlo con un martillo.

Los aliados de Navalny compartieron [ea apostas esportivas](#) que mostraban las lesiones de Volkov, incluyendo un ojo morado, una marca roja en su frente y sangre en su pierna.

Volkov trabajó como jefe de personal anterior de Navalny y como presidente de su Fundación Anticorrupción hasta 2024.
