Want more profits? '2ups' are key! - Outplayed

A thrower balances two pennies on two outstretched fingers and then tosses them high in the air to see how they land. The thrower wins with double heads and loses with double tails. Other men in the crowd cover his bets (bet against him), with a "boxer" handling the money and keeping track of the bets.

Two-up - Wikipedia

The promotion itself is very simple to understand. If the team you have bet on goes 2 goals ahead at any point in the match you get paid out as a winner. Regardless of if they go on to win, draw, or lose the match. For example: in a match between Arsenal v Tottenham ,you place a back bet on Arsenal to win the match.
