2 player games are a popular category of unblocked games at Friv. As compared to single-player games, where you compete against a PC opponent, these games can be played by two or more players and they are much more fun. In a free 2 player game online, you can either cooperate with your friend and compete against the AI, or challenge your friend in a 1v1 match to see who is the better player.

Categories of 2 Player

Games

Online games that offer a 1v1 two-player mode are usually sports games and fighting games. Other than that, you can also play some logic games and puzzle games, if you like the cooperative mode. Some of the more complex 2 player games can also be played by a higher number of players. These games are called 3 player games and 4 player games. They are super-addicting and fun to play!
