How to switch from Hand2Note 3 to Hand2Note 4

Hand2Note 4 is a new version of the most advanced poker tracking 0 software that is even more ahead of the competition. The main advantages of the new version are ready-made reports for 0 almost all game situations and the phenomenal speed of importing and building databases. You can read more about all the 0 new features in Hand2Note 4 in our article: What's new in Hand2Note 4.

In this short article, we will show you 0 how to quickly and painlessly migrate to a new H2N version, while keeping all your HUDs, databases, and settings.

Please note 0 that Hand2Note 4 is a new independent application, so you can install it without any impact on your current Hand2Note 0 3. This will help you gradually get used to the new version, without having to change something drastically right now.

1. 0 Install Hand2Note 4

Download, run the installer, and follow the simple instructions.

2. Run Hand2Note 4

After installation is complete, run the app.

3. 0 Import your Hand2Note 3 configuration

This will help to transfer all your HUDs, popups, and custom settings from the previous version 0 of the program. If you have commercial HUD and pop-up profiles installed, they will also be transferred along with the 0 license.

To make an import, click on Tools in the top menu and select Convert Hand2Note 3 Config...:

You will be prompted 0 to select your Hand2Note 3 folder.

Click SELECT and specify the location of your Hand2Note folder. The default is C:\Program Files\Hand2Note.

After 0 that, wait for the conversion to finish. When the process is complete, you will need to restart the software.

Click OK 0 and restart Hand2Note.

4. Import your database from Hand2Note 3

Once your configuration is converted, the only thing left is to migrate 0 your database. To do that, select Import Import From Database... in the top menu.

You will need to again select 0 the location of the Hand2Note 3 folder, as well as pick a certain database from the list.

Once all the selections 0 are done, just click Import.

The process of importing hands and building statistics will start. Don't worry, it will take much 0

less time than in the previous Hand2Note version.

5. Done!

All your data has been transferred and you can fully enjoy all 0 the features of Hand2Note 4.
