Season 11 Call of Duty Mobile; Siren song
A new season has arrived with:
New
weapons
Miami Blitz multiplayer map with a holiday theme
Misdirection Battle Royale
class
A new battle pass
And most importantly the arrival of our third, legendary
operator and leading lady of the season, Siren .
A once-in-a-century winter storm is
unleashed in Call of Duty®: Mobile Season 11 - Siren Song. The season's protagonist,
Siren, has just escaped the clutches of a secret government assassin training program
funded by Atlas. Now he is freed and ready to fight.
The new season also brings holiday
event sets, along with new skins and new weapons in the Battle Pass. Fight in the
holiday-themed Miami Blitz, plant Christmas trees and earn rewards in the Battle Royale
 and settle in as the new Misdirection class.
Call of Duty: Mobile game data
installation
Call of Duty Mobile game data is installed automatically. To install data,
you need about 3 to 4 internet connections; But space is occupied in devices for about
9 hours. It is better to have high-speed Internet access while installing and
downloading the game data so that the download process can be done without any
problems.
Without the volume of game data, it will increase or decrease as you wish;
For example, if you download all game maps, characters and camos, about 1.5 GB of
internet is enough and it will take up about 6 MB of space on your phone.
System and
access requirements
This game can be played on most mid-range phones that run Android
5.1 or higher and have less than 2GB of RAM. But you must have a strong phone to run
without lag and play comfortably. It also requires you to access memory for storage as

well as a microphone for voice chat.
