Oh no! The whole universe is under a dreadful curse, in Ninjago Possession game. What is more, our friend Lloyd's body has been possessed by a powerful spirit from the Cursed Realm! You have to chase him through four different exotic locations while collecting the necessary parts to build powerful weapons.

You will need to use all of your ninja skills to navigate through the dangerous labyrinths ahead. So what are you waiting for? There isn't much time left until the world as we know it will be changed forever!

The game consists of four levels of increasing difficulty. Each of them has a unique, fascinating background which takes you back to East Asia and the golden age of ninjas. A beautiful misty lake, the rooftops of an apparently peaceful city, a mysterious icy cave and breathtaking moonlit mountain peaks - these are the backdrops of your thrilling adventure! Accompanied by engaging music and lively sound effects, each level is sure to keep you drawn in and ready to give your best!

How to Play

The gameplay is straightforward and easy to get used to. All you need to do to move your character is to press the arrow keys on your keyboard. To attack the enemies and perform special moves, you only have to press the space-bar key. At the beginning of each level, you get to select the hero of your adventure.

Whether you choose the cool-headed Cole, fiery Kai, reserved Zane, light-hearted Jay or even the wise Lloyd, make sure you put their skills to good use. And don't forget that you need to complete all four levels with a character in order to unlock the next one!

To complete a level, you have to go through the intricate labyrinth of stairs, ramps, steep walls, and unstable bridges. You will encounter several obstacles along the way, such as menacing enemies which you need to get past using your ninja strength.

Useful Tips

But this isn't the only skill you will need to complete this mission successfully! The cubes and platforms which open different routes and uncover secret items are a real test of your intelligence and ability to think on the spot.

Be careful not to get stuck, because you will have to start over! Also, make sure you find all the lego parts to complete your weapons! There are nine on each level, and some of them are easy to miss.

Also, keep an eye on the green hearts in the top left part of your screen. They get depleted every

time you get hit, and once you run out of health, you need to start over!  
Do you think you can reach your cursed friend before the time runs out and gather all the weapons necessary to save the world from evil? There is only one way to find out, so take out your katana and start fighting!
