## Partilha de casos

This is a review only on the sportsbook, and it's a tough one for me.

When I registered for them I 3 did so purely under the assumption that they pride themselves in not restricting players and that they welcome winners. This 3 is partially false according to my personal experiences. The odds on all markets seem to suspiciously change when I log 3 in to my account. In every market, odds seem to be 0.02 points lower, or something close to that. It 3 may not seem like a huge deal to you, but it is a restriction the way I see it, and 3 it makes me wonder whenever they truly welcome me on the site as a winner or not. You could make 3 the argument that it's necessary for their business model to succeed, since betting exchanges also require you to pay commissions 3 on winnings, but this isn't the case for some of their competitors which I

would recommend over this site. \*cough\* 3 Pinnacle \*cough\*. Anyway, it's not a huge deal by any means and I can personally deal with this no problem, 3 but I just had to throw this information out. Other points to consider, starting with the positives:

- Despite my gripes about 3 having lowered odds, they're still very competitive. I place bets there weekly, even daily on busy weeks. Lots of markets 3 offered and different sports offered as well.
  - Customer service is in my experience top class; fast, responsive and friendly. What 3 else would you want to ask for?
